IS RANKED AMONG
THE TOP 25 INCUBATORS
IN EUROPE FOR THE
EMERGENCE OF PHARMA/
BIOTECH START-UPS

[Labiotech.eu ranking 2021]

Our Bio-Incubation and Bio-Acceleration programs are open to founders who wish to create their startup in France via the French Tech Visa program and to foreign startups who wish to access the French and European markets.

This program launched by the French Tech Mission aims to develop diversity within the tech ecosystem by providing enhanced support to entrepreneurs from underrepresented populations (welfare recipients, refugees, students with scholarships, people living in priority city districts...) and by granting them a 30,000 euros subsidy for their project.
